As you will likely be flying as a recreational Pilot, the following rules MUST BE followed at ALL times:

Fly **Only** for fun or recreation

Fly at or below **400 feet**

Fly within visual line-of-sight up to **1 mile**, meaning you as the drone operator use your own eyes and needed contacts or glasses (without binoculars), to ensure you can see your drone **at all times**.

If flying with FPV goggles, you **MUST** have a spotter watching the aircraft at ALL times.

**Never** fly near other aircraft.

**Never** fly within 5 miles of an airport (1 mile of a heliport) without first contacting the Air Traffic Control Tower.

**Never** fly over groups of people, public events, or stadiums full of people.

**Never** fly near or over emergency response efforts

**Only** fly in the day time

**Never** fly in bad weather

**Never** fly under the influence
